Colors were presented by The United States Marine Corps.

The organization, whose purpose is to commemorate the 54,246 American Military Personnel who gave their lives for their country in The Korean War and the 103,000 wounded, the 6,177 missing in action and the 7,000 prisoners of war has been granted a 5 acre site on Capitol Mall in Washington D.C. for a war memorial.

The Florida Chapter has been established to forward that goal.
