## **DEPARTMENT NEWSLETTER DEBUTS IN MARCH**

President Jack Edwards has announced the inauguration of a **Department of Florida Newsletter** to begin publication in March for the purpose of keeping the Department Chapters informed and in touch with one another. Vice President Fred Shear has volunteered to edit and publish the newest endeavor which will be called "**INCOMING MAIL**" and sent to each Chapter President and Department Officer on a monthly basis. Since it is being produced on a Personal Word Processor there will be many limitations, but hopefully this modest beginning will lead to bigger and better things!

## **DEADLINES ANNOUNCED**

It is planned to have **INCOMING MAIL** at the post office in the first week of each month. This will require an **absolute** deadline of the third week of the month if you expect publication in the next issue. Chapters are encouraged to share news of their activities, fund raising, recruiting, and any other items of interest to their sister Chapters. Announcements of interest to the Chapters will be made by the Department in **INCOMING MAIL**, which will be the official voice of the Department. **PLEASE** submit copy in writing, preferably typed or printed. Our limitations preclude the reproduction of photos and drawings, but we will do the best we can with what we have.

## **COMMUNICATIONS VITALLY IMPORTANT**

**ATTENTION ALL CHAPTER AND DEPARTMENT OFFICERS:** President Edwards urgently requests **all officers** to call him on his toll free line AT LEAST ONCE EVERY TWO WEEKS. This means Chapter Presidents and all Department level Officers. President Edwards explained at the recent State meeting that outgoing calls on the 800 line are several times more expensive than incoming calls. Remember, calls are toll free to 1-800-320-5262 (+ PIN). If you don't have the PIN call another officer to obtain it.

**SICK CALL: MURRAY HAVELIN**, Pres. of the Cronan Chapter is seriously ill. **Prayers and cards, please.** 7270 Ashland Pl. PH 405, Delray Beach FL 33446
