DEPARTMENT OF FLORIDA

FIRST QUARTER - 2007

From the President

Notes on the Legion of Valor- The theme of this year's convention

The Legion of Valor was chartered by an act of the United States Congress in 1955, but the beginning of the organization goes back many years. The Legion of Valor was founded in 1890, by a group of Civil War and Indian War Campaign veterans who were recipients of the Medal of Honor. At its inception, the name was "The Medal of Honor Legion". The membership was never large and with the passage of years and subsequent demise of members, in 1918, the recipients of the Army Distinguished Service Cross, the second ranking Army decoration for extraordinary heroism, were admitted to membership. In 1933, members of the United States Navy and Marine Corps, who were recipients of the Navy Cross, the second ranking Navy decoration for extraordinary heroism, were invited to join the membership and the name of this prestigious organization was changed to "The Army and Navy Legion of Valor". With the creation of the Air Force Medal of Honor and the Air Force Cross, the membership invited the recipients of these medals to become members and on June 21, 1961 the name of this elite organization became the "Legion of Valor of the United States of America, Inc". Each of the three services has its own distinctive design for the Medal of Honor and the Three Crosses. The Medal of Honor is awarded for conspicuous gallantry and intrepidity at the risk of life, above FF and beyond the call of duty. The Three Crosses are awarded for extraordinary heroism. Many of these two highest decorations are awarded posthumously.

While the mission of the Legion of Valor includes a goal to cherish the memories of the valiant deeds for which these medals are the insignia, it also strives to recognize outstanding performance in our Nation, and to stimulate patriotism in the minds of our youth. To that end, in 1957 the Legion of Valor created a Silver Cross for Heroism and a Bronze Cross for Achievement. The Silver Cross is reserved to recognize actions involving the saving or preservation of life. The decoration may be conferred on any person whose conduct met such standards. The Bronze Cross for Achievement is available to those cadets of the Reserve Officers Training Corps who have demonstrated excellence in military, scholastic, and civic affairs. The Legion of Valor Museum was established August 1, 1991, and is located in Fresno, California.

Each year an annual convention is planned for the Legion of Valor. None have been missed since the founding in 1890. Our Convention's theme this year is "Remembering our Heroes" and is dedicated to Korean War Medal of Honor Recipients. I can think of no other person who can speak to the preservation of those memories with greater dedication, than our guest speaker, LTC Robert C Knight DSC, the National Commander of the Legion of Valor.

Three times we have held joint meetings with the Disabled American Veterans Chptr 12. Chapter 158 – W.R. Charette, MOH

President James E. Bradford

Since September 2006, Chapter 158 has accomplished two successful fund raising "Rose of Sharon" projects and another is planned for February ('07). - On Veteran's Day, we took part in the Polk County parade in cooperation with the Veteran's Council. Several Chapter member WALKED in the parade and carried the Chapter Banner, but Bill McCraney and Jim Bradford "chickened out" and rode in a red jeep! We hung a DoF sign on the jeep and used the excuse that we were representing the DOF as well as the Chapter so we could ride, not walk! -The event honored Veterans of all wars of course, but gave special honor to troops returning from Afghanistan and Iraq, which made it a pretty special Veteran's Day. In addition to the parade, we had booths set up in Barnett Park on Lake Mirror, lots of music, food, fun and speeches! Our Chapter had a display booth on the Korean War, and we were pleased with the interest the general public seemed to have in our war. No doubt the current situation with North Korea helped to generate some of that interest. Our Chapter has a scholarships program. I know that many Chapters do. However, several years ago, we decided to concentrate our efforts on Nursing scholarships and we are continuing to follow that plan. This year, we are enjoying a very special, personal relationship with one of the recipients of our scholarship funds. He is an Air Force combat veteran of Kosovo and Afghanistan, and was a ground and flight Medic/EMT. He is seeking a Masters degree in Nursing and our Chapter has just about "adopted" James and his wife and baby girl!

' We hope to finance as much of his education as we can, in addition to giving scholarships to other students as well. James and his family came to one of our meetings and then joined us for our Christmas

Chapter 158 (Cont'd)

party. He is a young man we all take a lot of pride in. We have also spent time this period, planning this meeting.

Chapter 188, South Lake County

President Carleton Hogue

In November we had our annual veterans day car show. This show is to honor all veterans. We had 167 cars shown; of all styles and ages. There cars from the early 1900's up to the present. The people with cars to show paid a small fee which was used for trophies given to the best cars in a number of categories. To all other people attending the show entrance to the show was free. There was a flag ceremony where the American Flag was raised and a seven gun salute was fired by the honor guard, then taps was played on our bugle. The honor guard was made up with veterans from a number of different groups that were in attendance. The different veterans brought a number off military vehicles which were put on display. They also put up booths to collect donations and sell military items. We had a fly over of 4 planes and they performed

the missing man formation. In the afternoon there was some entertainment, which was enjoyed by every one.

The chapter has already started to plan for this years show. We invite all of you to attend. Wear your uniforms and bring your chapter flags to put on display. The show will be November 4,2007 at the Citrus Tower on Route 27 in Clermont. It starts at 1000 and usually ends about 1500 to 1600. We are attempting to get the USO girls for entertainment this year. In years past the Armed Forces network has taped the show for our service men overseas.

In December instead of a regular meeting, we had a combination meeting with a recruitment drive, installation of officers and Christmas party all combined. There were six potential Korean Veterans in attendance, at this time only one has joined. We keep trying to get new members, but it is difficult, because no one wants to get involved any more. The new officers were sworn in by Charlie First and they are:

Carleton Hogue Cmdr Sam Cohen 1st Vice

Maxine Parker 2nd Vice Don Voorhees 3rd vice

Armando Pardo Treasurer Helen Meyers Secretary

In December, we also did the Christmas Parade in Groveland, FL. This town has become our home and has done a lot for the Chapter

The restaurant where we held the party was only open to our group, but some travelers happened to stop by for something to eat. So, we invited them to join us. They were surprised, but seemed to enjoy themselves. Door prizes were given out including to our new found friends.

On the third of January one of our members in Mascotte was called by a woman and informed that her husband had just passed away after a long illness. He had served in he Army for 28 years and in three wars, WWII, Korea, and Viet Nam. All he had requested was a military service at Bushnell. She spoke to Bushnell and she was told she would have to get an honor guard from South Lake County. Her husband had never belonged to a veterans organization and she did not know what to do. Our member got in touch with the commander of our honor guard, who got in touch with the woman and told her we would do the honor guard for her husband. He also got in touch with our VSO to help her get the forms that she would need. We got six of our members to serve as the honor guard, four had

Chapter 188 (Cont'd)

rifles to fire a salute and one to blow the bugle for taps. The sixth took pictures so that we could give her an album for a keepsake. The woman and her family was very appreciative of our support. We also lost our treasurer due to illness. We wish him the best and hope he can come back as member soon. At the present we have a member on a temporary duty until we can have an election at our next meeting and elect a new treasurer.

Ed was very active in Chapter activities and spent many hours sending letters and making phone calls in order to help convince Citrus County Commissioners to purchase the "Brown School" facility for a VA Clinic. It happened, and we have a fine VA Clinic. Also, we have our monthly meeting in the Veterans Service Office/Classroom.

Patriotism is still alive. Commander Dick Davis led us this year.

November 5, 2006 - Ten of our members held a Color Guard review at the Alachua County Courthouse for the Bikers on Parade for the USA. This year they had 2000 bikers ride and collected \$43,000 for the Red Cross Katrina Relief Fund and \$11,000 for the Veterans Organizations in Alachua County.

December 7, 2006 - We held the 2nd Pearl Harbor and WW II Veterans Recognition Day at the Veterans Park and 82 people attended in spite of very cold weather. Jim Lynch was the MC. the Army ROTC Drill Team performed, the Marine Corp League Color Guard posted the Colors and Dick Davis set the event up. We received extensive press coverage for the event for the WW II veterans present for it was well received.

It was a very busy fall season for us and capped another very busy year. This is our 6th year as a chapter founded by Jake Feaster and we continue to grow and be one of the foremost veterans organizations in the area. We pray that 2007 finds everyone in good health as well as their families and extend this wish for all our friends throughout the state and national organization. We wish you all the best.

Note: This section was limited to those who prepared written notes. I am sure the remaining Chapter Presidents present could have also provided interesting information. The MEETING was, to this editor, an unusually good one and Jim Bradford and Company are to be congratulated on a fine venue. A lot of information was exchanged and the lunch was excellent. We did however run out of time. [Ed.]

Note: Assessments are due. Two dollars per member as of 31 December 2006 membership. Thanks to Chapter 17, 153 and 169 who have already paid .
